Why are wasps brightly coloured?

Wasps have black and yellow rings on their bodies. These warn predators and humans to stay away or they will sting them!

Little Miss Muffet

Little Miss Muffet sat on a tuffet,
Eating her curds and whey.
Along came a spider in a bright blue hang-glider
And whipped her bowl swiftly away.

After a Bath

After my bath
I try, try, try
to wipe myself
till I'm dry, dry, dry.

Hands to wipe
and fingers and toes
and two wet legs
and a shiny nose.

Just think how much
less time I'd take
if I were a dog
and could shake, shake, shake.
