

Literacy

Can you draw the scene the author sets in the first four lines? I've included the lines and some prompt questions below. Make up your own scene!

After you have listened to the story, create a story map of what happened. Summarise the story, write a short sentence for each and draw a picture for it. I've included a template.

Listen to the story again. Did you hear any words that rhyme? Maybe tell an adult each time you hear two or more words that rhyme.

Looking at the last page, what games are Penguin Blue's friends playing on the ship? Can you tell us your favourite game and how to play it? Write instructions for us.

Complete a book review of this story, there's a template to help you!

Sunk!

by Rob Biddulph

Channel: Opa's Corner Storytime

<https://watchkin.com/8a314d90cd>

SESE - Science

What do you notice under the water? Why are they under the water and not on top? Can you explore things that float and sink? Pick 5 things, predict what you think will happen and test them out, your own experiment! Why not try make your own boat and test it out. I've included instructions.

Top Tips!!

Take pictures after you've completed the activities and share on your class Padlet. 😊

Research

Go onto

www.worldbookonline.com/kids/home

or www.kiddle.co or

www.dkfindout.com (remember to get an adult to check your spellings before clicking go!!) Use these to create a fact file on a penguin. I've created a template for you below.

Art

Did you notice the treasure map with 'X' marks the spot? Can you make your own treasure map? Top tip...use a cold tea bag first to stain your page, then get planning!

Can you draw or paint your own penguin? I have included some simple steps but remember it's your art work, make it your own and get creative! You could also make and design your own pirate hat!!

Make the Scene:

"A pirate hat,
A sunny day,
For Penguin Blue,
a game to play"

Who is the main character?
What object is in the scene?
What is the weather like?

Visit the authors webpage
<http://www.robiddulph.com/sunk>
He has some nice ideas too!

Pirate hat template

You could use this template to draw your own pirate hat and decorate it. Don't forget to take a picture of you wearing it and share it on your class Padlet wall or email to our gallery of curiosities!

Experiment: How to make a boat that floats (instructions from Twinkl)

This is only an idea, there are lots of materials at home you can use to make your own boat!!

You will need:

Egg carton box

Cardboard tube (toilet roll or kitchen roll)

String

Coloured paper

Tin foil

Method:

1. Use the egg box for the base of the boat
2. Glue or tape the cardboard tube in the middle as a mast. You can cut some slits in the bottom of the tube to make some tabs. This will make it easier to stick down
3. Use the string as the ropes. Cut a piece of string that fits from the mast to the sides of the boat. Stick the string on.
4. Cut two right angle triangles from the coloured paper to make sails. Glue or tape them to the string
5. Decorate the boat with any material you want, lots of stickers!
6. Test the boat to see if it floats!!
